Comment :

a. According to other reports, the mass of the 1st Mecz Div and component units of the 10th Gds Tank Div (Cadre) are believed to be stationed in Doeberitz. The observations at the Doeberitz troop training grounds corroborate the previous assumption that, this winter, troops are primarily trained in the neighborhood of their military posts.

b. The report confirms a Doeberitz (Olympisches Dorf) school ([REDACTED]) conducting training courses for officers (presumably company and battalion commanders). The school training program allegedly also includes courses for NCOs as another source reported.
